## FROM THE SECRETARY Mike Gretton

**Dear members,**

Welcome to this ANZAC Day edition of Despatch. Fine weather greeted crowds for ANZAC Day ceremonies in Malmsbury, Kyneton, Trentham and Taradale. All were well attended and a crowd well in excess of 1000 turned out for the ceremony in Kyneton. Earlier in the day around 500 people paid tribute at the Dawn Service. Our committee members put in much time and effort to ensure the smooth running of all these services.

In addition to the above ANZAC Day services we also conducted services at Trentham Aged Care facility, Ray M Begg Kyneton care and BUPA where the services are always much appreciated as many of the residents are unable to attend our regular services. Our members also attended the ANZAC Day football and netball matches. A small ceremony was conducted prior to the matches and Most Courageous Player Awards were made to Jordan Iudica in the football and Bec Ingleton in the netball.

I am pleased to report that the ANZAC Day Appeal this year raised around \$13000, a tremendous effort in these times of cost pressures on household budgets. It is good to know that people are still prepared to contribute to the welfare of our veterans.

A big thank you from the Kyneton RSL.

This year marks the 50th Anniversary of the end of Australia's involvement in the Vietnam War which was announced on 11 January 1973. Tragically, however, the fighting would continue until Saigon eventually fell to communist forces on 30 April 1975. Some 60000 Australians served in Vietnam, over 500

died and about 2400 were wounded. We honour their memory in this edition of Despatch.

We also mark the 70th Anniversary of the signing of the Armistice in Korea which, while bringing the fighting to a halt did not resolve the differences on the Korean Peninsula and the two sides remain technically at war today. Whilst our commitment to Korea was not as long or as large as Vietnam it was still substantial. Significantly, 43 Australians are still listed as missing, presumed dead, in Korea. We also mark this occasion in this edition of Despatch.

This year also marks the 100th Anniversary of Legacy. To mark the occasion, a Legacy Torch Relay is being conducted around the world and commenced at Pozieres in France on ANZAC Day and will conclude in Australia in October. Torch bearers are being encouraged to raise funds for Legacy. Isabella Bates, daughter of one of our Affiliate members, Bill Bates is running the relay leg in Ballarat on Tuesday, 19 September. The Kyneton RSL was happy to donate to her fund-raising efforts which has now reached around \$3500. We were delighted to be awarded the prestigious Sub-Branch of the Year Award for 2022 at the annual Hall of Fame Awards Night. This was a tremendous effort to come out on top of over 50 other Sub-Branches state-wide. Much credit for this award goes to the Manager, Rebecca, and her staff. Two staff members, Dylan and Judy, also received much deserved Achievement and Recognition Awards for their contributions to the Sub-Branch. In addition the Sub-Branch has been the recipient of the Australian Good Food Readers' Choice Award for 2022 and 2023. Again a tribute to Dylan and the efforts of his staff in the kitchen.

On a sad note, our ranks of WWII Veterans dwindled further with the passing of Gwennyth Pethybridge in February. Gwennyth served in the Women's Auxiliary Australian Air Force from 11 December 1944

to 23 January 1946. We were also saddened by the sudden loss of both David Quarrell and Mick Crowe. David was a stalwart of the community volunteering his time to many local organisations, including the RSL, Legacy and Lions. Sidney Chaplin also passed away in April and the Sub-Branch held a memorial service for him at the club.

We would like to welcome Joy McDermott to our team. She has volunteered to do home and hospital visits and generally help out on the welfare side of things. She will be a vital addition to the Welfare Office. If you think you can support the Sub-Branch in any way, please contact the Secretary.

On the subject of welfare, we have again published the article about what happens when your partner dies together with a guide to what benefits are available to Veterans and Seniors. The guide is not exhaustive and it should be kept in mind that benefits are not necessarily the same across all providers. We have also provided information about the latest Power Savings Bonus now available to all Victorian households. If you have any questions about benefits available please contact the RSL.

We were again pleased to support our bowlers in their efforts in the Edinburgh Shield Bowls Competition played at the Mulwala and Yarrowonga Bowling Clubs. Congratulations to the team at Yarrowonga who were runners-up in their division. Unfortunately the team at Mulwala suffered a couple of outs due to COVID and were only able to manage fourth in their division. RSL Active is a program from RSL Victoria designed to support the physical health and wellbeing of veterans and their families and the Kyneton Sub-Branch is about to become a partner in the program. See Page 7 for further details.

# Australian Forces in Vietnam

The first contingent of the Australian Army Training Team (AATTV) arrived in South Vietnam on 3 August 1962 and numbered just 30 men. Team members were deployed to South Vietnam for a 12-month tour of duty with the option of extending for an additional 6 months. The AATTV's numbers grew, as did the range of ranks held by its members, over the ten years that it served in Vietnam, peaking at 224 in 1971, shortly before Australia's withdrawal.

The 1st Australian Task Force (1 ATF) was a brigade-sized formation which commanded Australian and New Zealand Army units deployed to South Vietnam between 1966 and 1972. 1 ATF was based in a rubber plantation

at Nui Dat in Phuoc Tuy Province and consisted of two and later three infantry battalions, with armour, aviation, engineers and artillery support. The SAS also had one squadron deployed to Vietnam.

The Royal Australian Navy (RAN) performed many important roles during the Vietnam War.

Australian naval vessels ferried troops to and from the logistics base at Vung Tau and served on the 'gunline' where they provided naval gunfire against ground targets in support of Australian and United States (US) troops. RAN clearance divers carried out operations to dispose of unexploded ordnance and keep shipping safe from enemy mines and attacks by enemy frogmen.

Naval personnel also served in an airborne role. The RAN Helicopter Flight Vietnam (RANFV), attached to the US Army 135th Assault Helicopter Company, flew combat operations. A detachment of naval aviators also served with No. 9 Squadron RAAF.

The Royal Australian Air Force (RAAF) began its involvement in the war in 1964 when a flight of Caribous began flying transport operations around South Vietnam. The following year RAAF helicopters began operations and in 1967 a squadron of Canberra bombers arrived in the country. Other RAAF personnel performed a variety of roles in Vietnam, from aeromedical evacuations to airfield construction and combat flying with United States forces.

## Vietnam Victoria Cross Recipients

There were four Australian soldiers who were recipients of the Victoria Cross (VC) in Vietnam all of whom served with the **Australian Army Training Team Vietnam**. Unfortunately two of those were killed in action in Vietnam and were awarded their VCs posthumously.

On 13 November 1965, a group of Australian advisors, including WOII **Kevin 'Dasher' Wheatley**, accompanied a company from the Civil Irregular Defence Group on a "search and destroy mission". Wheatley was assigned to one of the platoons with a fellow warrant officer, Ron Swanton. Under heavy fire from a larger Viet Cong force, Swanton was mortally wounded. As the Viet Cong closed around his position, Wheatley insisted on staying with Swanton even though he was urged to leave by medical personnel. Wheatley was subsequently killed while defending his comrade.

**Major Peter Badcoe** earned his VC when he displayed conspicuous gallantry and leadership on three occasions between February and April 1967 while on operations with South Vietnamese Regional Force units. In the final battle, he was killed by machine-gun fire.

On 6 May 1969 in Kon Tum Province, **WOII Ray Simpson** rescued a wounded fellow warrant officer and carried out an unsuccessful attack on a strong enemy position. On 11 May he fought alone against heavy odds to cover the evacuation of a number of casualties. These actions earned him the VC.

In May 1969 **WOII Keith Payne** was commanding the 212th Company of the 1st Mobile Strike Force Battalion when it was attacked by a strong People's Army of Vietnam force. Despite being seriously wounded he returned to the battlefield and spent three hours, frequently under fire, searching for any remaining members of his unit. Payne located about 40 of his men, most of them wounded; he assisted some of the wounded himself and organised assistance for others, before leading the party back to base through an area now dominated by enemy forces. Payne's actions that night earned him the VC.

## Vietnam War commemorative medallion and certificate

To acknowledge the 50th anniversary of Australia's involvement in the Vietnam War, the Department of Veterans' Affairs will produce a Commemorative Medallion and Certificate of Commemoration.

The medallion and certificate will be made available to every living veteran, widows of veterans and other family members of veterans of the Vietnam War. Please note that only one medallion is available per Vietnam War veteran. While Australia can never repay the debt we owe to the 60,000 who served in Vietnam, this medallion and certificate are a small but meaningful way to honour their service and to recognise the sacrifice of those who never returned home.

The obverse design will feature the **Commonwealth Coat of Arms** with 'Vietnam War' inscribed at the top and 'Australia remembers' at the bottom. The medallion reverse design will feature words of thanks at the bottom with the years 1962-73 inscribed at the top to represent the years in which Australia was involved in the Vietnam War.

The medallion also features a UH-1 Iroquois "Huey" Helicopter, a depiction of HMAS Sydney (III) "Vung Tau Ferry" and an Australian soldier holding an SLR.

Applications can be made via the DVA website or by contacting DVA on 1800 838 372. If you require assistance please contact the Kyneton RSL on 5422 6735.

# Timeline of Australian involvement in Korea

Following the end of WWII, the Korean Peninsula was divided at the 38th parallel with Soviet forces occupying the North and US forces occupying the South. Tensions mounted as the North sought a military solution to the re-integration of the two Koreas culminating in the invasion of the South by North Korea forces on 25 June 1950. The following is a timeline of Australia's involvement in that conflict. Australian forces remained in Korea in a peacekeeping role for a further 4 years after the Armistice was signed. The two Koreas remain technically at war to this day.

<b>2 Sep 1945</b>	WWII ends, Korea is divided at the 38th parallel.

Various concessions apply to gain access to free public transport in Victoria. Visit the Public Transport Victoria website for details.

# What happens to your partner when you die?

## Personal bank accounts:

Some banks may freeze joint accounts on the death of a signatory. Your partner will need an account IN THEIR OWN NAME before they can receive ComSuper benefits. It would therefore be prudent for both you and your partner now to each have one account in your own name.

## Wills, Power of Attorney and Enduring Power of Attorney:

Every adult should have a current Will and a completed Power of Attorney. Both should be kept in a secure place, the location of which is known to your Partner and at least one Executor; both should be updated on a regular basis, for example on renewal of your driving license. Each State has different regulations.

Remember that your Power of Attorney may be needed by your partner at any time, e.g. if you are incapacitated due to even temporary medical care. Having Power of Attorney means that your partner can pay bills, give instructions about your medical treatment and attend to your affairs, if you are unable to do so. A copy of your Service Record kept with these documents is also advisable.

## Funeral arrangements:

Each partner should know the other's choice of funeral arrangements, have them written down and preferably kept with the Wills.

## Routine Household Bills:

Keep a list or file of regular accounts and direct debits (eg, rates, security systems, home and contents insurances, vehicle insurance, health insurance, phone and mobile providers, internet service providers, water, gas and electricity). How and when they are paid and the approximate amounts will save your partner distress and uncertainty. Preferably both partners should be familiar with arrangements for paying household accounts.

These days it is particularly important that your partner can access and terminate such accounts either over the phone or via the internet, so they will need your log-ins, user names and passwords. A list of trusted tradesmen, or fridge magnets on the fridge door would be a great help.

## Club and Association Memberships:

An up to date list of organisations of which you are a member, along with your membership numbers and their addresses will be a help. All the deceased's memberships will need to be cancelled. Refunds may be payable.

## Veterans' Entitlements:

Your partner may be entitled to benefits from the Department of Veterans' Affairs (DVA) but to apply he/she will need documentation and proof of your Defence Service. You should establish your partner's possible entitlements prior to their needing them i.e., while both of you are still alive and can explain your circumstances. Collating the information NOW and having it on hand will greatly assist in any applications to DVA. (Note: A Gold Card is not transferable.) However if a widow is granted a War Widows pension or is the widow of a TPI pensioner, she will be entitled to her own Gold Card.)

## Your DFRB/DFRDB/MSBS Benefit:

Upon notification of the death of a recipient of a DFRB/DFRDB benefit, ComSuper will cease payment until the necessary forms, correctly filled out, are submitted. Only then will the partner receive her/his entitlements, paid into an account in HIS/HER OWN NAME. These entitlements generally are:

## DFRB:

A lump sum equal to seven pays (14 weeks) of the difference between his (old) and her (new) pension, plus the commencement of a

fully CPI indexed pension (being five eighths of the deceased's old pension) paid fortnightly.

## DFRDB:

A lump sum equal to seven pays of the difference between the deceased's (old) pension and the partner's (new) pension, plus the commencement of a partially CPI indexed pension. In outline the new pension is five eighths of the deceased's full old pension as if he/she had not commuted his/her benefit when leaving the Service. The value of that additional part is "frozen" and the part relating to the deceased's previous fortnightly pension is CPI indexed. The pension is paid fortnightly.

## MSBS:

These benefits are quite different from DFRB/DFRDB and are calculated on an individual basis upon application.

## Children:

If there are dependent children and/or full time students, additional pension benefits may be payable. Documents required will include copies of the Marriage Certificate and the Death Certificate.

## Legacy:

Your partner may be eligible for assistance from Legacy due to your service in a War Zone, operational service, or training for operations. Contact Legacy for details.

*Note also that DVA have also produced a Planning Ahead Kit which can be accessed on their website [dva.gov.au](http://dva.gov.au) and search "planning ahead kit". A hard copy is also available at the Kyneton RSL.*
